BITCOIN PARK PRESENTS

Park Forum: The Case for Bitcoin in Healthcare

Sound Health Through Sound Money

Nashville, Tennessee

April 8, 2026 · Bitcoin Park

THANK YOU TO OUR SPONSORS

SOUND HSA · Unchained · Ten31

About the Forum

The Case for Bitcoin in Healthcare is a curated gathering of physicians, hospital administrators, healthcare entrepreneurs, capital allocators, and policymakers who are shaping the future of health and sound money. United by a shared mission, we are pioneering new models for how healthcare is delivered, financed, and incentivized in the age of Bitcoin and beyond.

Hosted in the spirit of Bitcoin Park experiences, this gathering centers on the transformative theme of sound health through sound money, and how Bitcoin can address the systemic inefficiencies of fiat-driven healthcare.
